Solutions for the last mile

About Us

“
At Larsen & Toubro Public Charitable Trust, we have always believed in an equal society. There must not, indeed there cannot be one India for the privileged and another India for the rest. True progress lies in bridging divides, diminishing disparities, and ensuring that opportunity reaches every section of society.
 – Mr. A.M Naik, Chairman, Larsen & Toubro Public Charitable Trust (LTPCT).

Established

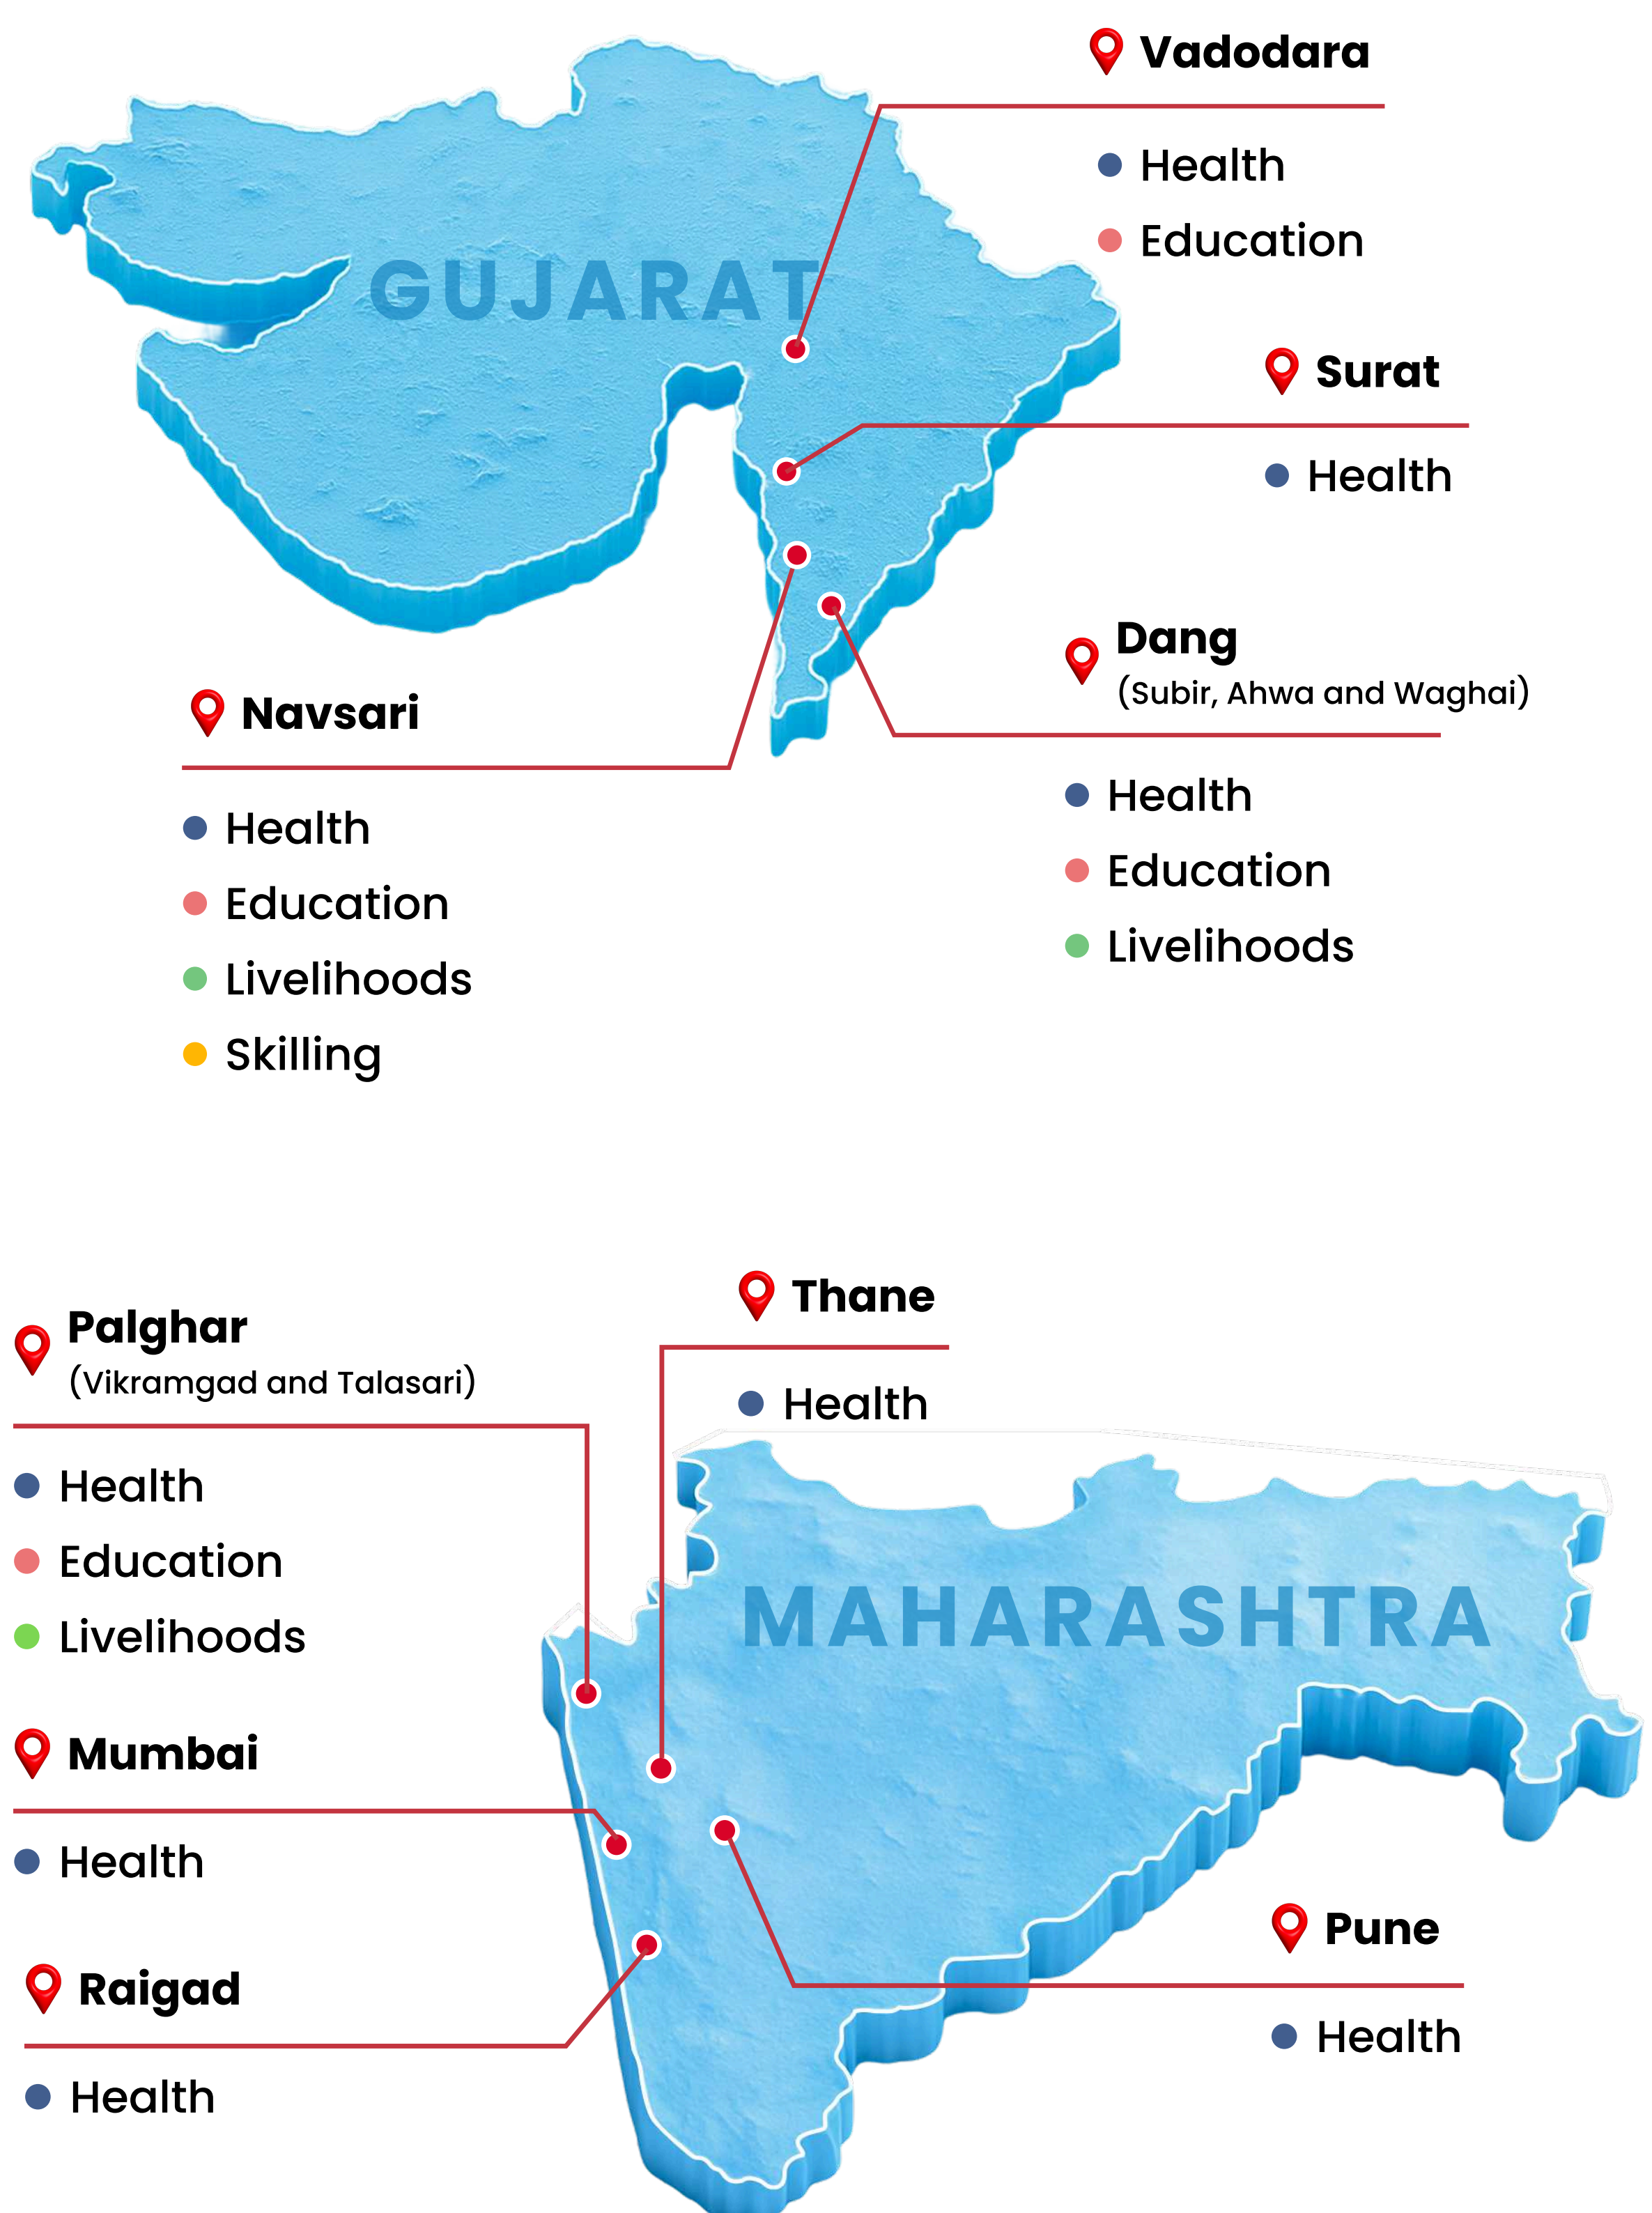

2004

Geographic

200+ villages

The Larsen & Toubro Public Charitable Trust is serving the last mile underserved and tribal communities. Our work in Gujarat and Maharashtra in the field of education, healthcare, livelihoods, and skilling with an underlying theme of Water, Sanitation and Hygiene (WASH), aligning with International and National Development Policies and Programmes. Our holistic life cycle approach ensures sustainable impact and equitable progress for all.

Building Change, Brick by Brick

The CCDP Blueprint

The Comprehensive Community Development Programme (CCDP) is our flagship initiative that takes a holistic approach to uplifting communities. By weaving together key interventions in health, education, livelihoods, skill development, and WASH (Water, Sanitation, and Hygiene), we aim to create change that truly lasts. Our unique life-cycle approach ensures that we walk alongside individuals at every stage of life from early childhood to adulthood. This targeted support empowers people to overcome specific challenges and build a brighter future for themselves and their families.

Essence of Our Interventions

01

Integrated Development Model

Combines education, health, and livelihoods for holistic progress.

03

Lifecycle Interventions

Solutions tailored for every stage of life—from children to elders.

02

Community Ownership

Strengthening local institutions for long-term sustainability.

Digital Sakhis at the project inaugural event

Digital Waves, Green Dreams

Kaprada Welcomes *Digital Sakhi* & *Jal Vaibhav*

On 23rd September 2025, Kaprada witnessed the launch of *Digital Sakhi* and *Jal Vaibhav*—two key initiatives driven by L&T Finance and LTPCT. *Digital Sakhi* will train 25,000 community members across 50 villages on digital and financial literacy. *Jal Vaibhav* programme will strengthen water management and climate-smart agriculture supporting 1,500 farmers in 10 village to adopt sustainable and resilient farming practices. The event signaled a meaningful step toward equitable and sustainable rural development.

Green Roots, Strong Futures

Vansda's Journey to Sustainable Living

Kotak Mahindra Bank and LTPCT have launched an Environment & Sustainable Development Programme in Vansda, Navsari, to strengthen sustainable rural living. The initiative supports tribal households through better water security, climate-smart agriculture, improved livestock management, and diversified livelihoods. It also prioritizes health and nutrition for mothers and children through awareness sessions and multi-specialty health camps. By empowering self-help groups and farmer collectives, the programme aims to strengthen local institutions for lasting change.

Subir Block Blossoms

LTIMindtree & LTPCT Strengthen Aspirational Block Development

Since 2023, LTIMindtree and LTPCT have been driving holistic development across 26 villages in Subir Block, Gujarat. A recent two-day field visit marked the inauguration of key initiatives, including community and cattle development center, solar lift irrigation, and a stitching unit for women entrepreneurs.

The visit concluded with a review by the District Collector, who encouraged scaling efforts in agro-processing and digital education, reinforcing the shared vision of a resilient and self-reliant Subir.

Health in Every Heartbeat

Mass Sickle Cell Screening in Malwada Saves Lives

Malwada, a small tribal village in Palghar's Vikramgad block, is witnessing a crucial health intervention to combat sickle cell disease. Launched in July 2025, the mass screening drive has already tested 3,710 people, identifying 287 provisional cases, with 20 carriers and 7 patients confirmed. Sickle cell disease, an inherited disorder affecting red blood cells, poses serious health risks, especially among tribal populations. LTPCT aims to reach 20,000 people in five months bringing preventive care and awareness to one of India's most vulnerable tribal belts.

Screening for Sickle Cell at Anganwadi Center

Center for Teacher Training

Igniting Curiosity & Change

On 21st July 2025, LTPCT inaugurated the Center for Teacher Training (CTT), envisioned by Mr. A. M. Naik to empower teachers as change-makers in holistic child development.

CTT is designed to transform classroom teaching by equipping educators with 21st-century pedagogical skills, inclusive practices, and emotional intelligence.

Centre for Teacher Training inaugurated by Mr. K Ramkrishnan, (Trustee LTPCT), Mr. Kannan (Advisor L&T) and Viral Desai (Principal, KVS School)

Schools that Inspire

Chondha, Tetavali, and Kegve Get a Fresh Start

From new classrooms to solar-powered labs, LTPCT's school infrastructure projects continue to create learning spaces where children thrive.

- Chondha, Gujarat: 12 new classrooms and a computer lab now support more than 400 students with improved learning spaces and digital access.
- Tetavali, Maharashtra:
A solar-powered digital lab with 15 computers is helping students build essential technology skills.
- Kegve, Maharashtra:
Focused infrastructure upgrades include girls' sanitation block, dedicated sick room for adolescent girls, renovated kitchen for hygienic mid-day meals, new staff-room and drinking water pipeline installation.

Together, these improvements reflect a shared belief: when schools grow stronger, children's futures grow brighter.

Skilled for the Sun

100% Placement Success at ANTTC

The Anil Naik Technical Training Centre (ANTTC) achieved a landmark 100% placement. A batch 40 graduates are working with Goldi Solar. Focused on renewable energy technologies, ANTTC bridges the gap between learning and livelihood, preparing youth to power India's clean energy future.

Batch celebrating 100% placement

Eye screening at Lonavala Health Center

Seeing the World Anew

Lonavala Cataract Unit reaches early milestone of 20+ surgeries.

Since opening in July 2025, the Cataract Surgery Wing at the Lonavala Community Health Centre has already transformed more than 23 lives through affordable, high-quality cataract surgeries.

Led by LTPCT and supported by L&T CSR, the initiative brings essential eye care closer to rural households, reducing cost, travel, and wait time. For beneficiaries like 55-year-old Bhimabai Shewale, restored sight means reclaiming independence and confidence.

VOICES FROM THE GROUND

Nourishing Hope

'Poshan Maah' Brings Nutrition Awareness to Vikramgad

During Poshan Maah, 1,500+ women and girls joined 60+ nutrition and hygiene sessions organized by LTPCT in collaboration with the district administration, pushing Vikramgad toward a malnutrition-free future.

I thought milk and greens were luxuries. Now I know they're essentials for my child's strength,

— Suman Tandel, Mother of two, Vikramgad.

ASHA worker providing awareness to mothers

From Migration to Mastery:

Amratbhai's Journey from Daily Wage to Dairy Success

Once a migrant worker, Amrat Bhoya from Vansda transformed his life through LTPCT's solar lift irrigation and smart farming programme. Today, he earns Rs. 7.5 lakhs a year cultivating Okra and Chilli.

The land I once left now gives me life.

— Amratbhai Bhoya
